

**“WHITE FORM”**  
 Chicago Public Schools –Student Transportation Services  
**Application for School Bus Service**  
**School Year 2017-2018**  
**Designated Programs**

**Notice:** Students participating in specified programs at identified Chicago Public School sites are eligible for school bus service in accordance with published policies. The parent and/or legal guardian of each student attending the Chicago Public Schools and requesting school bus service to a school with bus service for the next school year and/or completing any transportation request form must complete this application by **June 1, 2017**. Forms received after this date will be processed, but transportation on the first day of school is not guaranteed. Parents may request bus service at any time during the school year **but only those programs authorized to receive bus service by the Board of Education shall be approved**. This form is not applicable for summer school bus service.

**Responsibility:** It is the parent’s/guardian’s responsibility to provide adult supervision during a child’s walk to and from the assigned pickup/drop off location and until the bus arrives. Generally, school bus service is provided to selected programs and when the student lives between 1.5 and 6 miles from their attending school. Neighborhood schools are normally assigned as pickup/drop off locations for most students. Students with special needs who are eligible for bus service will receive home pick up if required by their Individualized Education Program (IEP); parents/guardians of such students are to meet the bus at the curb for pick-up/drop-off. Additionally, parents/guardians are responsible to have the child ready and at the assigned stop location 5-10 minutes prior to the scheduled pickup time.

Parents must acknowledge that they have reviewed the eligibility standards for bus service and that their child/children will use the bus service on a regular basis. Lack of regular use can cause the assigned stop location to be removed from the route for the remainder of the school year.

Schools and programs approved for school bus service in addition to the current student eligibility policies are available at all Chicago Public School locations and on the CPS web site: <http://www.cps.edu/Programs/Pages/Transportation.aspx>

**School Action:**

- If the student is presently enrolled at the school, receiving bus service, and there is no change in the bus service, **no action is required. Do not change or enter a new transportation request in IMPACT/SIM.** Note: half-day students with transportation must be verified each school year and updated if the homeroom as changed.
- If the student is newly enrolling, enter the student transportation request in IMPACT/SIM. For students who will have a new home address for school year , the new address cannot be entered into SIM until after July 1. No new request is required if the student has an active transportation request.
- Keep this form at the school. **Do not send a copy to Student Transportation Services unless specifically requested.**

**“GREEN FORM”**

Chicago Public Schools – Student Transportation Services  
**Chicago Park District – Park Kids Program Request**  
 School Year 2017-2018

Parents are responsible for transporting their child to a Park Program until a determination has been made regarding this application for bus service. In order to expedite the review process of Park District requests, we have “Pre-Approved” some parks for schools that traditionally have students participating in Park Programs. Please ask the school which parks have been pre-approved for your school. The service to the Pre-approved parks will begin Monday, September 18, 2017. Families may still opt to apply for bus service to Chicago Park District programs that are not on the Pre-Approved list. Those forms will be processed after the first day of school and service to those parks will begin on Monday, September 25, 2017.

**PLEASE NOTE:** Transportation to Chicago Park District – Park Kids Programs is not funded by the Chicago Public Schools and therefore, is not part of the transportation program. However, an accommodation for limited transportation may be approved as defined in the following policies. This form must be completed by the parent/guardian each school year. *There is no after school only transportation to park districts, Chicago Park Kids program sites during the summer.*

Parents/guardians may use this form to request limited bus service for their child/children to an approved Chicago Park District – Park Kids Program site. Return the completed form by June 1, 2017, to the school office as part of the “Application for Bus Service”. Approved Chicago Park District –Park Kids Program Sites available for selection by students attending each school will be available at: <http://www.cps.edu/Programs/Pages/Transportation.aspx>.

**Policies for Limited Bus Service to Park Kids Program Sites**

1. The Chicago Park District identifies parks with approved Park Kids Programs. Student Transportation Services, in cooperation with the principal of each school, identifies the approved park sites eligible for selection by students at each school based on proximity to the bus routes serving the school. Parents are advised to make sure the Park Program they chose is on the approved park sites list BEFORE paying the program fee. Please see the principal or the web site (above).
2. Park Kids Program sites will be added as stops on the regular bus routes in the PM. Regularly scheduled bus routes will be adjusted slightly in the afternoon to serve the approved Park Kids Programs within the neighborhoods served, on a space-available basis.
3. Parents of students eligible for bus service and assigned to a bus route may request for them to be dropped off in the afternoon at an approved Chicago Park District – Park Kids site under the following conditions.
  - a. Space is available on the bus and the stop change is permanent five days a week. Principals must be comfortable that different bus stops in the AM and PM can be used safely. Therefore, principals are not required to approve these requests.
  - b. To receive bus service, Park Kids Programs must be located at least one mile from the school and be located near (within 10 city blocks) an existing bus route.
4. Parents of students not eligible for bus service may request for them to be dropped off in the afternoon at an approved Chicago Park District – Park Kids site served by eligible students on a space available basis. If a bus becomes overcrowded, priority will be first given to those eligible students normally assigned to the route, and then to ineligible students on a first-come, first-served basis.
5. A route must have available seats for students to be added for the Park Kids Program(s). No additional bus routes will be added to serve Park Kids Program(s) without the school providing the funding source.
